

GLOBAL KITCHEN[®]
EQUIPMENTS COMPANY
for hi-tech commercial kitchens
CONSULTING • DESIGNING • MANUFACTURING • SERVICE
An ISO 9001:2015 Certified Company

WELCOME TO THE WORLD OF ADVANCED FOOD MACHINES

Now cooking can be Tasty, Fun and Healthy too!

Dear Customers,

We **GLOBAL KITCHEN EQUIPMENTS COMPANY[®]** are the reputed organizations involved in consulting, Designing, Manufacturing & Service of hi-tech commercial kitchen Machineries, equipments & Food processing Machines.

Our products widely Exported to UK, CANADA, EUROPE, SINGAPORE & UAE our product grade would be available to you all the time and accessing Our information and communicating with us would be better facilitated. We are ever ready to serve you the way you want.

Any opportunity to discuss your requirements, end application, so as to provide you with the appropriate material, in more than welcome to our end.

We look forward to an everlasting relationship with you and rededicate our commitment towards quality service and customer support. We are sure that together would be able to provide for a better kitchen machines & equipments and food processing machines.

Best Regards,

Rajavel .B

Managing Director

Cooking Mixer Machine

Scan QR Code for
Product Video

Its used to cook all types of veg and non veg gravy.
Save labour upto 50%, Reduce cooking time, Save fuel upto 30%,
Easy to handle for bulk quantity, proper stirring of food will give
good taste and consistency, Low production cost, Semi skilled
labour enough, all types of cooking can be done.

Model No	Fuel Option	Capacity in Ltrs	Power	Voltage	Dimension (LxBxH)
GCMM 100	Gas/Induction/Steam/Thermic	100	1HP	220V / 430V	49"x48"x58"
GCMM 200	Gas/Induction/Steam/Thermic	200	2HP	220V / 430V	69"x58"x68"
GCMM 300	Gas/Induction/Steam/Thermic	300	2HP	220V / 430V	71"x62"x70"
GCMM 400	Gas/Induction/Steam/Thermic	400	3HP	430V	75"x65"x70"

Cutter Mixie

Scan QR Code for Product Video

Cutter Mixie Suitable for wet grinding of Chutneys, Spices, Ginger & Garlic Paste, Tomato Puree, Palak etc.,

It can also be used to grind spices or dry materials to coarse stage

The machine can be tilted for easy discharge

High Speed Motor for fine Grinding. Full Stainless-steel Construction.

High quantity output in less time (i.e., 30-60 seconds per batch)

Very easy to install. Ideal for usage in all Kitchens.

Bowl Chopper

Scan QR Code for
Product Video

GK bowl chopper is also known as buffalo chopper or food cutter is a machine that chops or emulsifies food by rotating it in a bowl under spinning blades. Because buffalo chopper's bowls are shallow, they help to promote even cutting and prevent your ingredients from piling up during rotation. It is suitable for commercial Kitchens, Restaurants, Schools / colleges / institutions, Hotels and defense services kitchens.

- ✦ Easy to install and operate
- ✦ Fully Stainless steel body.
- ✦ It has the characters of sharp curvilinear blades,
- ✦ Compact design, easy to maintain and clean.
- ✦ Driven by gear box, low noise and longer life.

Model No	Capacity	Power	Voltage	Dimension (LxBxH)
GKBC	Upto 250 kg/hr	2HP	220V 430V	33" x 33" x 39"

Banana Chips Cutting Machine

Scan QR Code for
Product Video

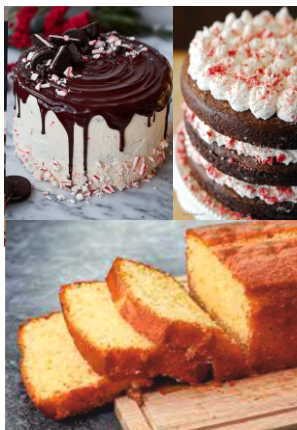

The Machine shall be used to cut the Bananas for chips making Advanced Technology, easy to operate, energy saving, beautiful appearance, meeting the hygiene standard. The plantain slicing machine is wholly made of stainless steel, very durable in use. The slicing thickness can be adjusted by increasing or decreasing the spacers.
